

BOZEMAN. Electric Heights Addition.

Only Four Blocks from the Business Center of the Metropolis of the Famous Gallatin Valley.

NOW FOR THE FIRST TIME OFFERED FOR SALE.

Commands a complete and magnificent view of the city and the surrounding country. For a permanent investment there is nothing in Montana can approach it.

Bozeman's resources and natural advantages are superior to any city in Montana. The Gallatin Valley, 50 miles long and 30 miles wide, is credited by the Agricultural Department with the largest yield of grain per acre in the world. The mountain range just east of Bozeman is underlaid with vast quantities of bituminous coal, the only smelting and coking coal found in Montana. Numerous quarries of gray sandstone are worked within a few miles of Bozeman.

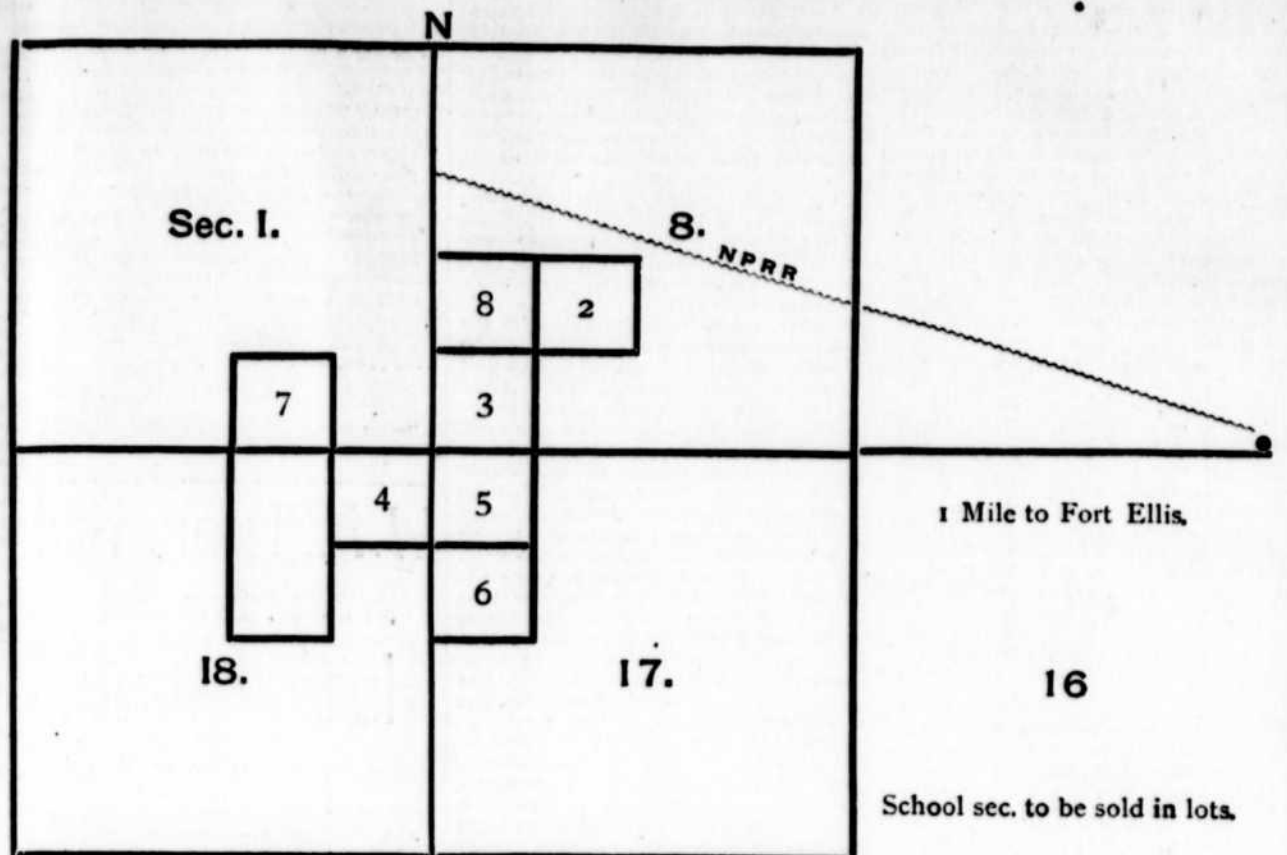

Abundance of limestone and good brick clay are found in the immediate vicinity.

Lots 30x100, \$100 Each.

\$20 Down, Balance \$10 per Month Without Interest.

Murphy & Stevenson, Owners,

Room No. 6, Marchesseau & Valiton Block, Butte, Mont.

4. Prospect Hill Addition.
5. Central Addition, Lots \$50.
6. Electric Heights Addition.
7. N. P. Addition, \$3 to \$6 front foot. Platted in '83.

DISTRICT COURT DOINGS

Attachments Issued Against the Grocery Firm of H. H. Guthrie & Co.

REWARD FOR PRICE'S ARREST

It is Claimed by Officer Donovan—Proceedings for Divorce—Simpson Claimed the Dog—Other Cases.

BUTTE, Feb. 1.—Two attachment suits were today commenced against H. H. Guthrie, the grocer, doing business as Guthrie & Co., and the store was closed and is now in the hands of the sheriff. The Silver Bow National bank is plaintiff in the first suit, and its claim against the firm is \$16,383.33, representing an overdraft between Oct. 27, 1899, and Feb. 1, 1899. The other suit was brought by Marchesseau & Valiton for \$500 rent for January. The failure was considerable of a surprise in business circles, as Guthrie has been doing a cash business and was supposed to be financially solid.

Late to-night another attachment was filed against Guthrie's stock by Florence Philbrick for \$2,500, for money alleged to have been collected by Guthrie and subject to the plaintiff's order, and for which due bills are held.

As soon as the attachments were served to-day, Guthrie took a train for Helena, but a deputy sheriff went at the same time to levy on some property owned by Guthrie in that place. Efforts were made to stay proceedings, the excuse offered being that Guthrie could settle if given a little time, but his creditors have probably already been waiting too long, and they refused to wait any longer. Guthrie's trip to Helena is said to be for the purpose of securing financial help. The firm recently branched out with a liquor store in connection with their grocery department, and only yesterday received a large consignment of liquor. No one seems to be able to give a good reason for the failure in the absence of Guthrie.

Considerable trouble has arisen over the matter of the reward for the capture of Price. Police Officer Donovan this morning applied to the commissioners for the \$300 offered by them, but was asked to bring the marshal to endorse his claim to it. Before he returned Sheriff Lloyd was seen, and he gave it out cold that he did not intend to pay his \$200 to any second party, but would pay it to the person who disclosed the hiding place of Price or no one. He thinks that by finding out that party he can locate the person who secreted Price. Officer Donovan was the first one to know of Price's hiding place, but he refuses to tell who gave him the information. It is supposed that he intends to pay over the reward to the right parties. The officer says if the money is not paid to him it will not be paid to any one. Upon the position taken by the sheriff the commissioners decided to refer their part of the matter to the county commissioner, and abide by his decision. If Mr. Baldwin thinks the reward should be paid according to the offer made to the person making the arrest, then the attorney will pay it to Officer Donovan. They do not think it hardly fair that the person who gave the information should be betrayed since the object of the reward has been attained. All the other rewards have been paid by the sheriff.

In speaking about the rewards to-day Sheriff Lloyd said he did not believe that an officer should come in for a reward anyway for simply performing his duty. Josephine Thorne this morning filed a

petition in the district court for a divorce from her husband, Alex Thorne, to whom she was married at Ottumwa, Iowa, Jan. 27, 1887. In her complaint she sets forth that she has always conducted herself in a good, kind and wife-like manner, but that he disregarded his marriage vows and duties and treated her in a cruel and inhuman manner, particularly during November, 1891, when he struck and beat her about the face and person. He at that time compelled her and her two children to leave the house and seek the protection of neighbors. The last time he abused her was on Jan. 18, 1892, when he struck her in the face and on the breast, knocking her down, after which he kicked her. The plaintiff says he has always been brutal and abusive and called her vile and abusive names. He also threatened to do her violence, and she considers it unsafe to live with him any longer. There are two children, Lalla, aged 3, and Minnie, aged 2, whose custody she asks for, and a decree dissolving the marriage ties. Her attorney is Thompson Campbell, and she wants counsel fees and costs of suit also.

In the divorce case of Lena Henriksen vs. Martin Henriksen an order was issued to the defendant to appear in court next Saturday and show cause why he should not be taxed in advance for counsel fees and alimony pendente lite.

Judge Pennington had a short session of court this morning in Department II. The only cases set for trial were two against Steve Simpson, one for petty larceny and another for assault and battery. Both cases came up from McMurphy's court.

In the petty larceny case the judgment of the lower court was that Simpson "pay the costs and return the dog," which the county attorney considered absurd and asked that it be set aside, which was done. In the assault case Mr. Baldwin asked a continuance, owing to the absence of the prosecuting witness, and the case will be called up again on Thursday.

The appeal case of Nellie Doyle, convicted in the lower court of grand larceny, was called, but Nellie was not on hand and a deft ult was entered and the costs taxed against her.

In the case of John Eakins vs. J. F. Kelly, on motion of the attorney for the plaintiff, \$33 was deducted from the jury's judgment for \$530, and the defendant's motion for a new trial was withdrawn and the case settled.

J. Reinhart and F. S. Holbrook were added to the panel of trial jurors and court adjourned until to-morrow morning.

The Chinese busmen of Foo Sing appeared in court this morning and expressed a wish to surrender Mr. Sing and draw down their \$300 in shining gold. The wishes were gratified and a deputy sheriff was sent after the half-convicted highbinder and locked him up in the county jail.

Mary A. Dolan this evening petitioned the court for a divorce from her husband, John Dolan, to whom she was married at White Pigeon, Mich., Dec. 19, 1881. She charges him with extreme cruelty and says that on Jan. 30, in this county, he struck and beat and bruised her, causing great mental and physical sufferings. She asks for a decree of absolute divorce and the custody of two children, Bessie C. and George F., aged 4 and 2 years.

L. J. Hamilton, attorney for the defendant in the case of John O. Jones vs. Paul Davis and Fred Ritchie, today filed an appeal in the district court from the decision of a justice of the peace.

Notice.
The Butte Mill and Smelter Men's union, at its meeting of Jan. 19, unanimously resolved to impose a fine of \$5 on any member who directly or indirectly patronizes a Chinaman.
DAVID T. EVANS, President.
JOHN I. MCNEELY, Rec. Sec.

DEATHS DURING JANUARY.

An Exceedingly Low Rate of Mortality Notwithstanding the Snow.

BUTTE, Feb. 1.—While all the East is suffering with the ravages of la grippe and running up death rates that are startling, Butte has just passed through the healthiest month in two years past, so far at least, as indicated by the death rate. The number of deaths during January averaged less than one a day. In total, the number is less than one half the number last January, when Butte had the grippé, and about one-fourth of the number last February. Then deaths from pneumonia and la grippe were reported with alarming frequency. During the month which ended yesterday there was only one death from pneumonia and none from la grippe.

The total number of deaths reported to the health officer during January was 28, of which three were still born, leaving only 25 real deaths. Of these, four were from diphtheria, two from bronchitis, three from accident, two from consumption, two from general debility, two from heart disease, two from suffocation, one from pneumonia, one whooping cough, one from marasmus, one from dyspepsia, one from pneumonia, one from acute meningitis, one brain fever and one asthma. The record is one that Butte can be proud of.

EDUCATIONAL MATTERS.

Monthly Meeting of the School Board Held Last Night.

BUTTE, Feb. 1.—The school board held its regular monthly meeting to-night, but there was very little business to be transacted, and the session lasted only about an hour. Chairman Trask presided, and the others present were Trustees McMillan, Gherman, Large and Chamberlain and Acting Superintendent Riley. G. E. Dunn asked permission to use a room in the Centerville school building for the purpose of a night school. It was given with the understanding that Mr. Dunn give a guarantee for the safe keeping of the room, and stand good for all damages or losses of books belonging to the children. Several applications for positions as teachers were received, but as there were no vacancies they were placed on file.

The regular monthly salary bill, together with a number of small bills, were allowed and warrants ordered drawn for them. The Central school property was mentioned, but no bids had yet been received for the purchase of it.

The matter of Contractor McCoy was brought up, and after considerable talk it was decided to make him a tender of \$300 on his claim in the way of a compromise. The chairman was instructed to secure an abstract of title for the Central school property.

The half-day school system in Centerville was brought up and discussed, but no remedy for the present unsatisfactory arrangement could be suggested, as there is not a vacant room in the town that could be rented for school purposes. A complaint was also received that one of the Centerville teachers does not teach the full six hours and the clerk was instructed to look into the matter.

Mr. Riley announced that Prof. E. H. Barrows, the newly engaged teacher of penmanship, has arrived in town and started upon his work to-day.

A Six-Day Tournament.

BUTTE, Feb. 1.—Richard Lacourse is in Butte making arrangements for a walking match to commence Feb. 15 and last six days, or 142 hours. The contest is of go-as-you-please order and will be open to all. The Pavilion rink has been engaged for the occasion and from this time until the race begins will be at the disposal of those who desire to train for the match.

The management will offer a handsome medal for the winner, besides half the receipts, after the expenses are paid. The second man will take half of the remaining sum. The entrance fee is \$10, the sum to be paid to Mr. Lacourse at the Southern hotel any time before the contest commences. The interest taken in athletic sports in Butte, together with the fact that the leader in this race will assume the title of champion of Montana, will make it an event of considerable importance to the sport loving public.

IN POLICE COURT.

Breakers of the Law Punished for Their Misdeeds.

BUTTE, Feb. 1.—John Long and James McClelland, arrested under a state charge of vagrancy, were dismissed in the police court to-day. John Smith, a real vag, was fined \$50 and costs and sentence suspended 24 hours to give him time in which to leave the city and county. Smith is the fellow who threatened to kill Officer Jordan for arresting him.

Tom Sudea, a "solid" man, was fined \$5 and costs for disturbing the peace of the woman who pensates him.

J. B. Brown, George Reckerly and George Spirey paid \$1 and costs each for plain drunks.

John McLennan, Tom Kelly and Aust'n McKay formed another trio who had indulged too freely and were fined the regulation amount each. In default they were committed.

Neil McGinniss, well known, was also there, and Neil paid \$5 and costs for disturbance.

Swan Olsen contributed \$5 and costs for addressing vulgar language to a denizen of East Mercury street.

C. A. Ferris, T. Thompson and William McKay, in default of \$5 and costs each, were given work on the chain gang.

WALKERVILLE COUNCIL.

An Interesting Meeting of Aldermen in Their New Quarters.

WALKERVILLE, Feb. 1.—A regular meeting of the council was held this evening. For the first time the new quarters were used and were found suited to the convenience of the council. In the absence of Mayor Hall, who is in Salt Lake, M. C. Holland presided. Aldermen Amear, Brown, Cooley, Reimel and Richards were seated around the long table. After some discussion the bill of the Walkerville Telegraph, for printing and advertising, was reported correct and ordered paid. The lease of the new council chambers was read and on motion of Reimel was accepted.

The question of electing a new city marshal was brought up, but it was postponed until another meeting, pending the presence of Mayor Hall.

The applications of Edward Malone, Owen Thornton and Samuel Harris were added to those already received and placed on file.

A motion was the introduced imposing the usual \$5 poll tax, payable on demand. Brown reported that the Belle of Butte mine had ceased to use the street as a dump, in compliance to a recent order of the council.

If you want your demijohn filled go to McCormick & Hughes.

SILVER LAKE HOUSE.

EAST QUARTZ ST., BUTTE.

—Elegantly Furnished and Christened the—

"R. M'BREEN."

Board by day, week or month. No Chinese employed. Opening will be Feb. 1.

Kettle Falls.

Kettle Falls.

KETTLE FALLS.

KETTLE FALLS is situated in Northeast Washington, on the Columbia and Colville rivers. It is the center of a vast mining and agricultural region. Its water power is superior to any water power in the state. All kinds of fruit and berries grow here in great abundance. The town is only one year old and has fifteen hundred inhabitants. A hundred thousand dollar concentrator is to be built here this spring. The natural resources of Kettle Falls are:

Mining, Agriculture, Lumber,
Marble, Slate.

Gold, Silver, Copper,
Lead, Iron.

There is no SPECULATION in buying lots in the town, it is simply a safe and sound INVESTMENT. Business lots are 25 x 130. Dwelling lots are 50 x 150. Lots are for sale by

ROGER EDWARDS, No. 63, W. Park St., Butte.

T. D. FITZGERALD, Standard Office, Anaconda.
